NAILCARE
SOLUTIONS

Easi-Grip® Long Reach Toe Nail Cutter

£8.50 | PTC-3

These scissors have been developed in response to customer feedback to provide a supremely comfortable solution to cutting toe nails. The extended reach reduces the need for bending whilst the contoured handle with “soft-feel” finger contact areas gives comfort and control of the cutting action. The hygienic stainless steel blade is slightly serrated to grip the nail and angled to keep the wrist in a natural position.

PTC-3	FEATURE	BENEFITS
1	Long loop, contoured handle	Scissor sits comfortably in hand and allows strength of middle, ring and little finger to be used
2	“Soft-feel” finger contact area indicated by two tone finish	Guides finger position to use index finger for control and provides supreme comfort
3	Extended stainless steel shank	Reduces need for bending
4	Angled serrated blade	Prevents strain on wrist from twisting hand and grips nail whilst being cut

From a sitting position, the use of a foot stool and good lighting should make toe nail cutting easier.

RECOMMENDED FOR

Poor Hand Control

Difficulty Bending

Easi-Grip® Table Top Nail Clipper

£7.25 | PNC-3

This table top nail clipper has been designed to assist those with limited hand functionality to cut finger nails. Mounted on a plastic base with non-slip feet for stability the nail clipper also benefits from a wide moulded pad with "soft-feel" finish to give greater comfort and excellent leverage

OT Comment

“ My experience of these Peta products has been fantastic. They are extremely easy to use, particularly for those who have limited strength in their hands and find daily personal hygiene routines a challenge. ”

Sue Allen, OT, Malvern, Worcs.

PNC-3	FEATURE	BENEFITS
1	Large lever pad	Spreads pressure when closing clipper to give enhanced comfort and ease of use
2	Integral Nailfile	Two products in one - no need for additional hand-held file
3	Mounted on a plastic base	Can be used on a table top or other flat surface for improved visibility of cutting edge and control of action
4	Fitted with rubber feet	Provides good stability

RECOMMENDED FOR

Weak Grip

Poor Hand Control

Tremor

One Handed

Mini Easi-Grip® Scissors

£4.25 | MEG-3

A pair of ultra light weight self-opening scissors. Designed for use by those with weak hands or wrists or who are unable to use conventional style scissors due to swollen and painful joints, but actually just a very handy pair of scissors that no home (or handbag) should be without!

MEG-3	FEATURE	BENEFITS
1	Continuous loop handle	Easy to use even with swollen joints, finger isolation not necessary
2	Self-opening action	Re-opens scissor when pressure is released reducing effort required
3	Fine pointed blades	Gives precise results for fine / intricate cutting
4	Small size	Can be used in palm of the hand and stored in handbag, sewing box, bathroom cabinet
5	Blade guard	Protects blades and provides safe storage when not in use

RECOMMENDED FOR

Weak Grip

As there are no finger and thumb loops less bias is put on the blades when cutting, which means they can be used in the left hand too!

Suggested other uses for your Mini Easi-Grip® scissors

Opening fiddly packets and sachets

Fine dead heading and flower arranging

Decoupage and scrap booking

Snipping yarn when knitting

Snipping threads when doing sewing, quilting, needlepoint and other craft activities

Clipping queen bee wings
