### PKT-FPB

Designed to assist those with weak hand function, or semi-loss of use of one hand, this offers a solution to peeling, slicing and grating. This high quality food preparation board offers increased independence at home and would not look out of place in any kitchen showroom!

FEATURE	BENEFITS
Wooden board	Long lasting, kind to your knives and hygienic too, as well as an attractive addition to any kitchen.
Multi-function	Easy storage and accessibility of several essential kitchen items in one unit, no additional graters required.
Spiked area	Food is kept stable whilst being cut, allowing some tasks to be completed one-handed
Stainless steel metal parts	Durable, hygienic and dishwasher safe.
Coarse & fine graters / Slicer	Integral graters and slicer are easily stored and kept stable by the recessed area whilst in use.
Collecting bowl	Integral collecting bowl to easily transfer grated food for cooking.

### RECOMMENDED FOR

**Weak Grip**

**Poor Hand Control**

**Tremor**

**One Handed**

### CARE INSTRUCTIONS

Metal dishes can be cleaned in a dishwasher. Use a damp cloth to clean the board.
