

Easi-Grip® Knives

£11.95 each
£29.95 set of 3

Our popular range of Easi-Grip® knives has had a design make-over and we're sure that you will love the results as much as we do! Firstly, in response to customer requests the handle has been made thicker to make the knives even more comfortable and easier to use for those with poor grip. We then improved the styling and chose a bright colour to highlight the special "soft-feel" non-slip areas. The finished results retain all the ergonomic features of our tried and tested range whilst the improved styling will make them look at home in any contemporary kitchen.

Roast joints of meat in foil pans, you can pop them in the dishwasher to clean and they are very light to lift

- 1 Easi-Grip® All Purpose Knife | PKT2-VK
- 2 Easi-Grip® Carving Knife | PKT2-CK
- 3 Easi-Grip® Bread Knife | PKT2-BK

FEATURE	BENEFITS
Thicker Handle	Hand does not need to close so much to gain grip.
Angled Handle	Keeps the hand and wrist at a natural stress-free angle which prevents causing discomfort
Non-Slip Grip	Easier to establish a firm grip and knife is less likely to twist in wet or greasy conditions
Stainless Steel blade	Longer lasting and more hygienic

RECOMMENDED FOR

Weak Grip

Poor Hand Control

Self-Opening Kitchen Shears

£7.50 | PKS-1

With a super large comfy handle, the spring reopens these scissors after each cut, whilst the strong stainless steel multi-purpose blades are suitable for all kitchen requirements. A safety lock keeps these scissors closed when not in use.

PKS	FEATURE	BENEFITS
1	Large comfortable ergonomic handle	Allows strength of whole hand to be used
2	Stainless steel spring	Automatically reopens after each cut
3	Serrated blade	Grips item being cut
4	Safety catch to keep closed when not in use	Keeps closed when not in use

A good pair of kitchen shears have endless uses, from opening packaging or chopping food to snipping herbs. Some people find it an easy way to cut pizza too!
