**Peta (UK) Ltd has been designing,  
manufacturing and distributing products  
to assist with grip difficulties since 1975.**

Our wide range of Easi-Grip scissors has been developed in consultation with Occupational Therapists and includes many self-opening and table-top scissors for both right and left hand use.

Our Easi-Grip kitchen and garden tools are strong yet lightweight and have a super comfy "soft feel" non-slip handle.

For further information on all our quality products please visit our website **[www.peta-uk.com](http://www.peta-uk.com)** or call **01376 573476** to ask for a brochure.
