

Self-Opening Long Loop Scissors

LPR-5/SO | LPL-5/SO

Designed with an extended loop to give increased strength and control over the cutting action with the added benefit of a discreet spring which automatically reopens the scissors, allowing the user to concentrate on manipulating the paper and directing the cut.

FEATURE	BENEFITS
Fitted with discreet spring	Reopens scissors after every cut
Long loop handle	Provides superb control of cutting action using middle, ring and little finger for strength whilst index finger is used for guidance
Wide finger contact area	Ensures a comfortable grip which can be maintained throughout use
Colour coded handles	Easily identify correct pair to use: Blue handles = Right Hand Green handles = Left Hand
High quality stainless steel blade	Provides longevity and cuts through paper with ease
Blade guard	Fixes over the blades to provide safe storage

OUR OT FINDS THESE GOOD FOR...

- ✓ Weak grip/strength
- ✓ Poor motor control
- ✓ Training placement of the thumb while continuing to provide the benefit of the long loop handle
- ✓ Introducing the skill of opening and closing the scissors
- ✓ Those who are able to open and close the scissors but become confused about finger placement in regular scissors

RECOMMENDED FOR

Weak Grip

Poor Hand Control

Tremor
