

# Easi-Grip® Scissors

**MEG-1 | PEG-1 | PEG-1/L**

A range of ultra light weight self-opening scissors. Ideal for Early Years scissor skills development or for special needs due to weak hands or those who are unable to use conventional style scissors.

**OUR OT FINDS THESE GOOD FOR...**

- ✓ Children being introduced to scissors
- ✓ Weak grip or poor hand strength
- ✓ Difficulty isolating individual finger movements
- ✓ Children who struggle to follow instructions and directional commands
- ✓ Children with small hands
- ✓ Children with undecided hand dominance who swap hands during a task

FEATURE	BENEFITS
Light weight	Does not fatigue user
Continuous loop handle	Automatically reopens scissors when pressure released
No finger loops	Can be used with thumb and fingers or palm, requires only a gentle squeeze to use
High quality polymer	Does not snap and retains spring action
Colour coded handles	Easily identify correct pair to use: <b>Blue handles</b> = Right Hand <b>Green handles</b> = Left Hand <b>Red handles</b> = Mini (two-thirds of size of standard and possible to use in either hand by most children)
High quality stainless steel blade	Provides longevity and cuts through paper with ease
Blade guard	Fixes over the blades to provide safe storage
Wide finger contact area	Ensures a comfortable grip which can be maintained throughout use

**RECOMMENDED FOR**

**Weak Grip**
